MEDIA RELEASE

WORKSAFE NEW ZEALAND CHARGE

Lyttelton Port of Christchurch has been notified today by WorkSafe New Zealand that it will be charged under the Health and Safety in Employment Act in respect to the death of Brad Fletcher at the Port in August last year.

The matter is sub judice and LPC does not believe it is appropriate to make any further comment except to say that our thoughts remain with Brad's family and work colleagues. He was a highly valued employee.

-Ends-
