PORT USER NOTICE

NO ACCESS TO JETTY 2 OR JETTY 3 FROM FRIDAY 3 JUNE TO MONDAY 6 JUNE

The repair and upgrade of Jetties 2 and 3 at the Inner Harbour in Lyttelton Port requires the complete closure of the area from noon on Friday 3 June until 6pm Monday 6 June.

Concrete pouring will take place on Friday and to ensure it cures correctly, LPC is restricting access until Monday, as well as implementing a 10kmph speed limit in the area.

Should access to Jetty 2 be absolutely necessary for operational purposes, this must be facilitated by LPC Port Services on 03 328 7934.

For more information on the project, please contact Project Manager Natasha Evans at natasha.evans@lpc.co.nz or 021 934 078.

Upgrading the wharf is important to provide the quality of port services our region needs. We appreciate your patience during the repair process.

Regards

PAUL MONK
Operations Manager
