

RESTRICTIONS & REGULATIONS FOR DANGEROUS GOODS IN THE CONTAINER TERMINAL

Dangerous Goods of all Classes arriving into the Container Terminal must be notified and transported in accordance with the specific regulations, restrictions and set timeframes **legislated by Government Authorities and WorkSafe.**

IMPORT, INBOUND COASTAL, TRANSIT or TRANSHIP

Notification Requirements:

◆ **48 hours prior to intended vessel arrival** Shipping Lines, Importers or their Agents must arrange supply of relevant documentation that includes but is not limited to the following...

1. Hazardous Cargo Manifest
2. Dangerous Goods Certificates
3. For Classes requiring immediate removal: Name, address and contact details of the Consignee
4. For Classes requiring immediate removal: Contact details of the Transporting Company

◆ **Email the above to:** pilot@lpc.co.nz; gate@lpc.co.nz; yard@lpc.co.nz; loms@lpc.co.nz

Restrictions & Regulations in the Container Terminal

- ◆ LPC requires the immediate removal of non-notified containers or any containers exceeding dwell time in the Terminal appropriate to their Class along with written acceptance from the party responsible for paying any relevant charges
- ◆ Failure to collect cargo within the allowed timeframes will incur charges in addition to our standard demurrage charges. These charges are outlined in our pricing tariff that can be viewed online at <http://www.lpc.co.nz/our-services/pricing-conditions/>
- ◆ MPI or Customs Holds preventing removal of imports will attract demurrage and dangerous goods charges

List of Classes follows page 3

EXPORT, OUTBOUND COASTAL

Notification Requirements:

- ◆ **48 hours prior to intended vessel arrival** Shipping Lines, Exporters or their Agents must arrange supply of relevant documentation that includes but is not limited to the following...
 1. Hazardous Cargo Manifest
 2. Dangerous Goods Certificates
 3. For Classes requiring immediate loading: Name, address and contact details of the Shipper
 4. For Classes requiring immediate loading: Contact details of the Transporting Company

- ◆ **Email the above to: pilot@lpc.co.nz; gate@lpc.co.nz; yard@lpc.co.nz; loms@lpc.co.nz; planners@lpc.co.nz**

Restrictions & Regulations in the Container Terminal

- ◆ LPC requires receipt of a valid export booking that contains applicable Class and UN numbers prior to Export Pre-Advise
- ◆ Exports must be Pre-Advised prior to gate-in with Hazard information completed in full
- ◆ Exports may not gate-in earlier than their Class permits and may not remain in the Terminal should their loading be delayed for whatever reason
- ◆ LPC requires the immediate removal of non-notified containers or any containers exceeding dwell time in the Terminal appropriate to their Class along with written acceptance from the party responsible for paying any relevant charges
- ◆ Failure to remove cargo that is not shipped within the allowed timeframes will incur charges in addition to our standard demurrage charges. These charges are outlined in our pricing tariff that can be viewed online at <http://www.lpc.co.nz/our-services/pricing-conditions/>

List of Classes follows page 3...
