MEDIA STATEMENT

LPC welcomes the draft Lyttelton Port Recovery Plan which is vital to Canterbury.

“It will allow the Port to ensure it delivers the imports and exports of customers, supporting the region’s economy for the future,” said LPC Chief Executive Peter Davie.

“LPC acknowledges and thanks the community and all those who have had input into the Lyttelton Port Recovery Plan which will now be presented by Environment Canterbury to the Minister for Canterbury Earthquake Recovery.

“There has been huge engagement with the community and all those interested in the Recovery Plan over many months by both LPC and Environment Canterbury to ensure robust feedback.” said LPC Chief Executive Peter Davie.
