Dear Jared,

Notice of Resource Consent Decision

Record Number(s): CRC175552
Applicant Name: Lyttelton Port Company Limited
Activity Description: To discharge contaminants into air.
Decision: Granted

Decision

The decision of Environment Canterbury is to grant your application on the terms and conditions specified in the attached resource consent document. The reasons for the decision are:

- The activity will achieve the purpose of the Resource Management Act (1991).
- The activity is consistent with the policies of the regional plan or national policy statement.

Commencement of consent

Your resource consent commences from the date of this letter advising you of the decision.

If you object to or appeal this decision, the commencement date will then be the date on which the decision on the appeal is determined.

Lapsing of consent

This resource consent will lapse if the activity is not established or used before the lapse date specified on your consent document. Application may be made under Section 125 of the Resource Management Act 1991 to extend this period.

Your rights of objection and appeal

- **Objection to Decision**
If you do not agree with the decision of the consent authority, you may object to the whole or any part in accordance with Section 357A(1)(g) of the Resource Management Act 1991 (RMA). Notice of any objection must be in writing and lodged with Environment Canterbury **within 15 working days** of receipt of this decision in accordance with Section 357C(1) of the RMA.

- **Right to Appeal**

You may appeal the decision of the consent authority to the Environment Court in accordance with section 12 of the RMA. , The notice of appeal must be lodged with the Court within 15 working days of receipt of this decision, at PO Box 2069, Christchurch. A copy of the appeal should also be forwarded to Environment Canterbury within the same timeframe.

If you are in any doubt about the correct procedures, you should seek legal advice.

- **Objection to Costs**

Section 357B of the RMA allows you to object to costs. Your objection must be received **within 15 working days** of the date on which you receive your invoice. Your objection must be in writing and should clearly explain the reasons for your objection as detailed in section 357C of the RMA.

Monitoring of conditions

It is important that all conditions of consent are complied with, and that the consent holder continues to comply with all conditions, to ensure that the activity remains lawfully established.

You can find online Information regarding the monitoring of your consent at www.ecan.govt.nz/monitoringconsent.pdf.

Charges, set in accordance with section 36 of the Resource Management Act 1991, shall be paid to the Regional Council for the carrying out of its functions in relation to the administration, monitoring and supervision of resource consents and for the carrying out of its functions under section 35 of the Act.

Further information about your consent

For some activities a report is prepared, with officer recommendations, to provide information to the decision makers. If you require a copy of the report please contact our Customer Services section. You can find online information about your consent document at www.ecan.govt.nz/yourconsent.pdf.

Queries

For all queries please contact Customer Services Section quoting your CRC number noted above.

Thank you for helping us make Canterbury a great place to live

Yours sincerely

Consents Planning Section

RESOURCE CONSENT CRC175552

Pursuant to Section 104 of the Resource Management Act 1991

The Canterbury Regional Council (known as Environment Canterbury)

GRANTS TO: Lyttelton Port Company Limited

A DISCHARGE PERMIT (S15): To discharge contaminants into air.

COMMENCEMENT DATE: 09 Jun 2017

EXPIRY DATE: 09 Jun 2052

LOCATION: Gollans Bay Quarry, Lyttelton Port

SUBJECT TO THE FOLLOWING CONDITIONS:

General

- 1 The discharge of contaminants into air shall be from the Gollans Bay Quarry located on Old Sumner Road, Lyttelton within the land parcels as shown on Plan CRC175552 (Drawing No. 150825-FIG3), attached to and forming part of this consent.
- 2 The contaminants shall be only dust from:
 - a. Extraction and blasting of rock and aggregate;
 - b. The stockpiling, crushing, screening or handling of rock and aggregate;
 - c. The loading and unloading of material associated with the handling of rock and aggregate;
 - d. Transport of material within the area defined on Plan CRC175552;
 - e. Movement of vehicles;
 - f. Unconsolidated surfaces (fugitive dust)
 - g. The consequential extraction, handling, stockpiling and transport of soil/loess associated with (2) (a) to (d);
- 3 The consent holder shall ensure that the discharge of dust shall not cause suspended or deposited contaminants, which are offensive or objectionable, beyond the boundary of the site on which this consent is exercised.
- 4 A copy of this consent shall be kept on site and made available to all persons undertaking activities authorised by this consent prior to any discharge authorised by this consent commencing.

- 5 Subject to complying with the conditions of this consent, the operating procedures within the quarry shall be undertaken in accordance with the Quarry Management Plan (QMP) prepared by Riley Consultants (April 2017)(Report reference: 150825-D). The QMP may be amended at any time. Any amendments shall be consistent with the conditions of this resource consent.

Dust Management Plan (DMP)

- 6 Prior to exercise of this consent, the consent holder shall provide the Dust Management Plan (DMP) to the Canterbury Regional Council, Attention: Regional Leader – Monitoring and Compliance. The DMP may form part of the Construction and Environmental Management Plan for the Gollans Bay Quarry.
- 7 The DMP shall set out all practicable measures to avoid or mitigate adverse effects on the environment resulting from the discharge of quarry related dust and shall include, but not be limited to:
- a. Spraying water onto unconsolidated surfaces when necessary;
 - b. Minimising areas of exposed soil/loess;
 - c. If necessary, minimising the drop heights and overloading when transporting and processing aggregate;
 - d. Assessing meteorological conditions in advance to determine whether water carts and any other dust minimisation measures need to be activated;
 - e. Managing vehicle speeds as required;
 - f. Identifying persons responsible for carrying out all actions needed in order to meet the requirements of this consent; and
 - g. Handling and stockpiling practices.

Advice Note: The consent holder may require a land use consent to discharge contaminants to land if any dust suppressants are being used to stabilise any exposed surfaces within the site.

- 8 The DMP shall be approved in writing by the Canterbury Regional Council, prior to discharge authorised by this consent first commencing and the consent holder shall undertake all activities authorised by this consent in accordance with the approved DMP.
- 9 The DMP may be amended at any time. Any amendments to the DMP shall be approved in writing by the Canterbury Regional Council. The consent holder shall undertake all activities authorised by this consent in accordance with the amended DMP.

- 10 A copy of the DMP provided in accordance with condition (8) or amended in accordance with condition (9) shall be kept on site at all times.

Complaints

- 11 A record of complaints relating to dust emissions from the site shall be maintained. Each record, where practicable, shall include:
- a. Location of the reported dust nuisance;
 - b. Date and time of the complaint;
 - c. A description of wind speed and wind direction when the complaint occurred;
 - d. Weather conditions at the time of complaint;
 - e. Any possible cause of the dust complaint;
 - f. Any corrective action taken to address the cause of the complaint; and
 - g. Name of complaint, if offered.
- 12 The complaints record shall be provided to the Canterbury Regional Council, Attention: Regional Leader – Monitoring and Compliance by 30 April each year or on request.

Rehabilitation

- 13 The final landform shall be managed in order to minimise the long term dust issues from the site

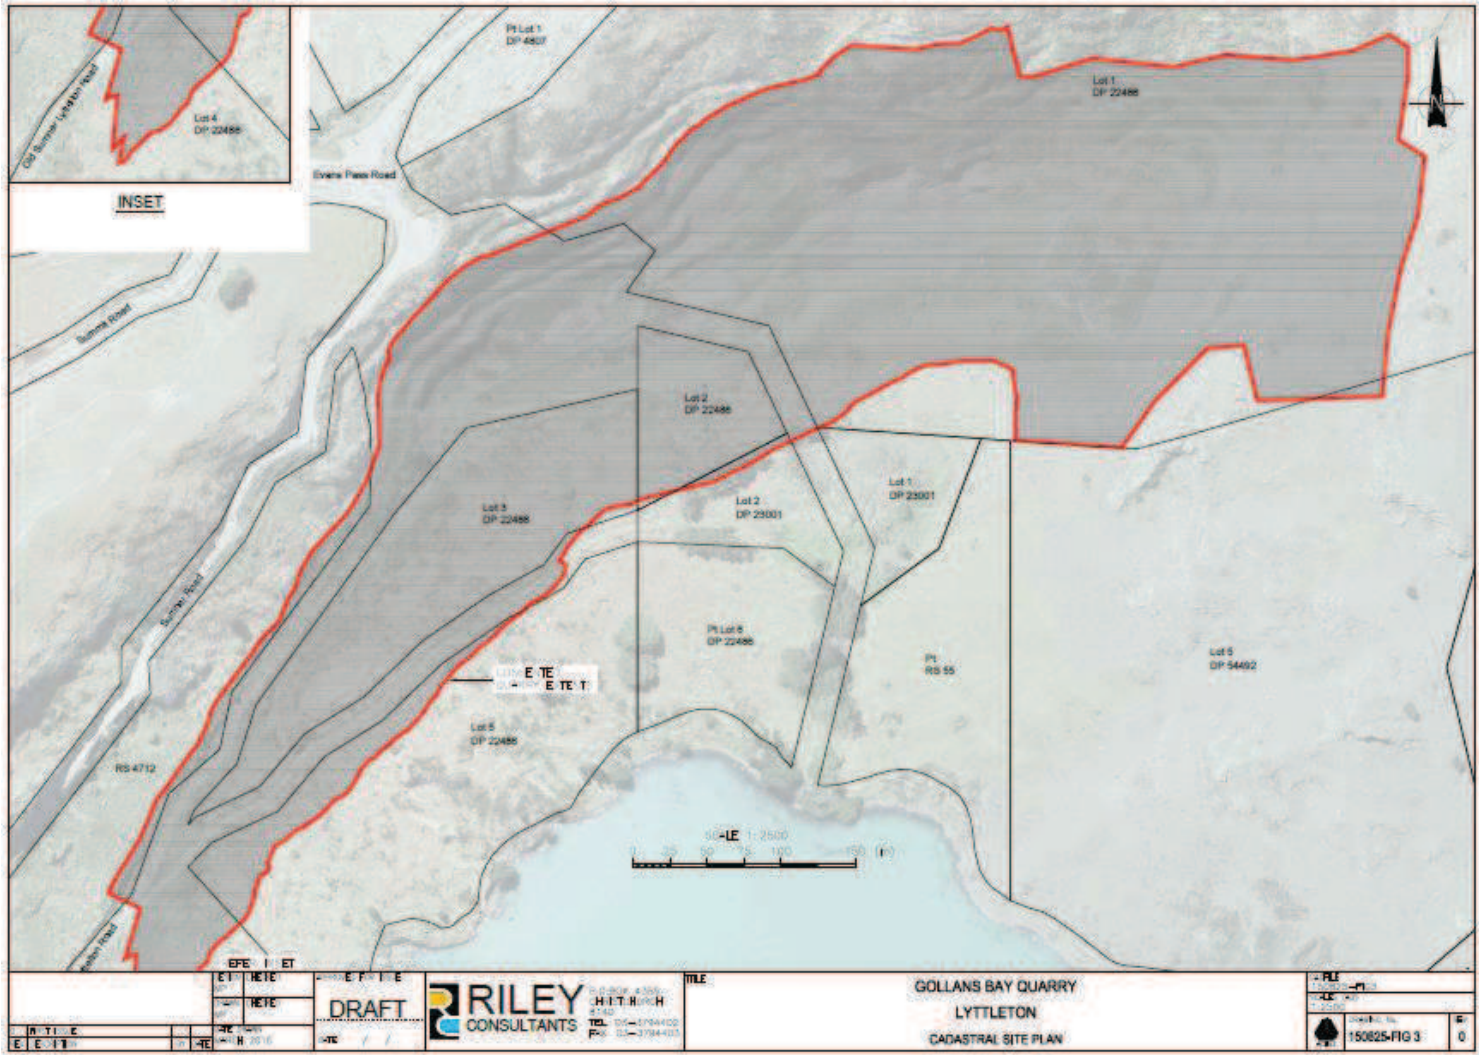

Administration

- 14 The Canterbury Regional Council may annually on the last working day of May or November, serve notice of its intention to review the conditions of this consent for the purposes of:
- a. Dealing with any adverse effect on the environment which may arise from the exercise of this consent; or
 - b. Requiring the consent holder to carry out monitoring and reporting instead of, or in addition to, that required by the consent.
- 15 The lapsing date for the purpose of section 125 of the Resource Management Act 1991 shall be 30 June 2022.

Issued at Christchurch on 9 June 2017

Exercising of resource consent CRC175552

It is important that you notify Environment Canterbury when you first start using your consent.

GRANTED TO: Lyttelton Port Company Limited
A DISCHARGE PERMIT (S15): To discharge contaminants into air.
LOCATION: Gollans Bay Quarry, Lyttelton Port

Even if the consent is replacing a previous consent for the same activity, you need to complete and return this page.

Providing this information will:

- Validate your consent through to its expiry date
- Minimise compliance monitoring charges
- Help provide an accurate picture of the state of the environment.

If consent CRC175552 is not used before 30 Jun 2022 this consent will lapse and no longer be valid.

Declaration:

I have started using this resource consent.

Action taken: (e.g. pasture irrigated, discharge from septic tank/boiler/spray booth etc).

Approximate start date (*Note: this may be different to the date the consent was granted*): _____

Signed: _____ **Date:** _____

Full name of person signing (please print): _____

Please return to:
