CUSTOMER NOTICE

CITYDEPOT VBS GO-LIVE 27TH FEBRUARY

Just a friendly reminder to all trucking companies that the City Depot VBS goes live from 0600hrs Tuesday morning (27th February). This means you must have a booking to drop off or pick up at City Depot from this time.

Slots are starting to fill for the morning so please make sure you book as soon as you are able. Any trucks that arrive without a manifested booking will have to wait until the booking is made by your despatcher before they can be served. You may be asked to wait off site to prevent those that have booked being delayed.

We will have extra support at the depot to handle queries and we appreciate your ongoing support as we roll the VBS out.

If you have any queries please feel free to contact us on email: vbs@lpc.co.nz
