CUSTOMER NOTICE

LYTTELTON EMPTY CONTAINER YARD (ECY) VBS

We would like to update all trucking companies with our proposed timing to implement VBS at the Lyttelton Empty Container Yard (ECY).

At this stage we are undergoing the final testing and system preparation and we now expect to go live in early September. We will advise further details and process closer to the time, at this stage the fees will be the same as currently applied to LCT and City Depot.

Please feel free to contact us if you have any queries on vbs@lpc.co.nz
