

# HAZARDOUS DWELL EXTENSION REQUEST

Date:

ATTENTION: [customerservices@lpc.co.nz](mailto:customerservices@lpc.co.nz)

Where hazardous documents provide a complete primary Class number that supports a longer dwell time than that showing in the Terminal system, application can be made for the appropriate adjustment to the last free day.

Please select from the options following and complete the form in full...

- We wish to exclude the following container/s from Act Now category and apply for extension to 72 hours for Classes 1.4G, 1.4S or retail fireworks of 1.3G, 1.4G or 1.4S.
- We wish to exclude the following container/s of Class 2.1 from 24 hour category and apply for extension to 72 hours because the contents are packed in containers less than 1 litre.
- We wish to exclude the following container/s from 2 hour category and apply for extension to 24 hours because the specified primary Class qualifies.
- We wish to exclude the following container/s from 2 hour category and apply for extension to 72 hours because the primary Class subdivision qualifies.
