

APPLICATION FOR LATE RECEIPT/LATE CEDO: EXPORT & COASTAL

Email application to: customerservices@lpc.co.nz

Cut-off is 6 hours prior to vessel ETA. Window for Late Arrival/Late CEDO application closes 2 hours prior to vessel ETA

Late containers & missing CEDOs affects vessel planning; **customers wanting late gate-in or to provide CEDO between 6 and 2 hours prior to vessel arrival must...**

- 1: Email this fully completed application form through to LPC **prior to closure of Late Window**
2. Have a valid charge account with LPC
3. For Late Receipt: ensure container(s) on this application have been pre-advised with a correct VGM at the time of application & for exports, a valid CEDO is in place
4. For Late CEDO: container(s) are pre-advised with a correct VGM at time of application & are either in the terminal yard or included on this application for a Late Receipt

We the Applicant wish to apply for Late Receipt/Late CEDO; we have met all the requirements outlined and accept all associated costs for billing to our account.

Vessel Name:		Voyage				ETA		Shipping Line has pre-approved?

		Tick Applicable		Tick Applicable			Tick Applicable		Tick Applicable			
Applicant Company Name & Contact Person						Branch/ Location		Billing Reference#				

IMPORTANT NOTES: Applications should be made *prior* to closure of Late Window and require Shipping Line approval. The container(s) must have been on the original load list supplied to the Terminal 24 hours prior to vessel arrival. Applications are processed by LPC Customer Services Unit daily – applications received **after 4pm** may be processed the following day. Approvals are subject to vessel planning and loading, the availability of VBS slots and the Terminal may restrict the total number of containers/CEDOs accepted late. The Late Cutoff Date/Time provided for on an approval is when the container must be delivered to the Terminal by and it may differ from that requested. All approvals are based on vessel ETA at the time of application; while best endeavours will be undertaken, approval of a late application does not guarantee the subject container(s) will load. Late Receipt and Late CEDO are separate events that attract separate holds/charges and admin - costs will apply once late arrangements have been put in place by LPC. Any costs quoted are based on vessel ETA at the time of application so are subject to change. A change of vessel, port of discharge, CEDO or any other booking/pre-advised detail after gate-in will incur additional fees. Costs incurred will be billed to the Applicant and not to a 3rd party. For requests 2 hours or less prior to vessel arrival/when Roll Pending hold is active, refer to the Application for Late Reinstatement. For hazardous cargo, refer to LPC's DG Guidelines.
