## **COMMUNITY NOTICE**

### **COVID-19 UPDATE**

As of 11.59pm Tuesday August 17, all of New Zealand is in Alert Level 4. This Government announcement came after 1 confirmed community case, with another 4 confirmed cases as of Wednesday morning.

LPC is an essential service. This means all freight, including containers, bulk cargo and coal operations will continue to operate for the foreseeable future to support the Canterbury region. Our COVID-19 is meeting regularly to ensure that we can continue operations in a safe manner.

The safety of our staff and the community is a top priority for LPC, and we continue to work with the Ministry of Health and the Canterbury District Health board to make sure we are doing our part to prevent the spread of the virus. This includes increased PPE and hygiene, social distancing, creating work bubbles where possible and having all non-essential staff work from home.

### **Keep up to date:**

For the latest LPC community and customer updates, keep an eye on our COVID-19 response web page: <https://www.lpc.co.nz/health-safety/covid-19/>
