

## Sustainability Resources for LPC Suppliers

Tools / resources		
Name	Description	Link / Contact
Climate Action Toolbox	A free online tool produced by business.govt.nz which enables small companies to calculate their carbon footprint over a 12-month period and build an action plan to identify areas where improvements could be made. The site is very user-friendly and a great first step for SME businesses to assess their environmental impact and act on making reductions.	<a href="https://www.tools.business.govt.nz/climate/?utm_source=sbn&amp;utm_medium=website&amp;utm_campaign=climateaction">https://www.tools.business.govt.nz/climate/?utm_source=sbn&amp;utm_medium=website&amp;utm_campaign=climateaction</a>
